

- Highly likely to recommend

Sold a Single Family home in 2012 in Kimber/Gomes, Fremont, CA.

Summary:

I had previously put my home on the market with a different company. The home did not sell for over 6 months, so we decided to go with Linda. Her knowledge and expertise provided us the opportunity to sell our home within 10 days. I was very surprised with the results she had given. During the whole process she was available to discuss any questions we had. I would recommend her to anyone looking to sell their home with results.
