

- Highly likely to recommend

Sold a Single Family home in 2011 in Kimber/Gomes, Fremont, CA.

Summary:

Recently I sold my house in Mission San Jose, Fremont, CA. I want to let you know how much I appreciate Linda's excellent service and hard work. She is very professional and has extensive knowledge of the market in Bay Area. She and her husband Leon coordinated everything and worked hard to help me preparing my house for sale. They also gave me a lot of advice about what needs to be improved and then recommended contractors to work on it. Throughout the entire selling process, from staging, pricing, open house, offer negotiation and final signing, Linda and Leon worked with me all the way, I was very fortunate that I had the chance to meet them so I could sold my house in just a few weeks after put on the market. It was my pleasure to work with them just like working with my good friends.
