Bought a home in 2011.

Summary:

Our experience working with Linda for our home purchase has been excellent. She has been very helpful, responsive and understands the real estate market well. She and her husband helped us all the way till the end and even after the house was closed, she helped us do the upgrades, refer contractors etc.

I would recommend her to anyone with 5 stars!

Linda, thanks for the excellent service and all the help.
