Sold a home in 2010.

Summary:

My wife and I wanted to move to easy bay for a better school back to Dec 2009, Linda was referred by my friends, after talked to her for few minutes, we immediately decided to use her as our buyer agent because she is amazing lady. We found our dream home after visit less than 10 houses, but there is huge gap between seller expectation and our expectation, we decided to go to ASIA for a vacation, we told Linda our bottom line before we left the state. Two weeks later, Linda sent us an email that seller was willing to drop the price if we can increase our offer a little bit, we email new offer to Linda, when we woke up next morning, an email in our mailbox stated seller accepted the offer, we bought our dream home while we were on vacation!

6 months after we moved to new home, we decided to sell our old house, schools of our old house is so-so, we thought it would take a while to sell it, but Linda sold house in two weeks! She is magician :)
