

- Highly likely to recommend

Sold a Townhouse home in 2011 for approximately \$575k in Kimber/Gomes, Fremont, CA.

Summary:

We sold our town home recently. We feel very fortunate to have Linda as our agent. We were impressed by Linda's knowledge and professionalism. She gave us a lot of advice, from a list to 'must fixe's, to the final staging; from initial pricing, to the round of counter offering. Linda is extremely resourceful on these matters, she is very detail oriented and has a passion for high standard without compromise. We feel Linda is the kind of trustworthy person that customer can hand over matters with high confidence. Our town home got multiple offers the first week it was on the market, and was sold for full price in two weeks. Linda has made the entire process smooth and painless, we come to appreciate this point because we had previous experience for comparison. Thanks Linda!

We will recommend her without reservation.
