

- Highly likely to recommend

Sold a Condo home in 2009 for approximately \$700k in Mission Valley, Fremont, CA.

Summary:

Ms. Linda Young sold our townhouse home in Fremont Mission District in March 2009. We were very happy with her service and we highly appreciated her expertise, her effectiveness and her professionalism.

We knew from the very beginning that we could trust Linda as a true expert. She came up with a sales proposal well based on her in-depth knowledge of the general market dynamics and the local conditions. The staging work she recommended and the sales materials prepared by her helped bring out the strong selling points of our property and turned it into an attractive listing in the depressed market.

Linda worked very diligently and productively throughout the sale. She used her network and open-house shows to generate interest in our property. She followed up with interested buyers and helped us get all the required paper work prepared and all the potential issues addressed in advance. Her great efforts resulted in smooth negotiations and a clean close in a few weeks.

Moreover, Linda is genuinely interested in her clients' interest, enthusiastic about her work, and warm and amiable in her conduct. We thoroughly enjoyed her service and would definitely seek it again if the need arises in the future.
