

- Highly likely to recommend

Bought a Single Family home in 2010 for approximately \$950k in Weibel, Fremont, CA.

Summary:

We brought our first home in May 2010 with help from Linda. My wife and I had been house hunting for many years. We had little luck finding a good agent that both us feel comfortable. That was before meeting Linda. She listened to our needs and gave us many good advices. On the other hand, we never felt any pressure while searching. When we found our dream house, she acted quickly and professionally. She guided us through the maze of first-time home buying every steps of the way. In addition, she also found us a loan agent who gave us excellent services and found us great rates.

Our home buying experience was so pleasant that my wife and I felt like working with a friend. After our home purchase, we had been to a few open houses that Linda had hosted. She staged the homes so nicely and many of them ended up selling quickly. We definitely recommend Linda to anyone who need to buy or sell a home in Fremont, CA.
