Dear Linda,

It was a very wonderful experience to work with you on selling our old house in Fremont last year. My husband and I wanted to express our gratitude to you for selling our house in such a short time period and also for getting a very good result on the price range.

From the beautiful staging to a professional website including promos and advertisements, all your extra efforts and special touches really made a significant ~~different~~<sup>difference</sup>.

I would highly recommend you to any of my friends looking to sell or buy a house in the future.

Thank you again for your great work!

Best Regards,

Celine Lee
